

LifeSafety Management, Inc.  
6040 Lake Worth Road  
Greenacres, FL 33463

Our company has utilized the services of LifeSafety Management, Inc. for the past 16 years. During this period they have provided fire, burglar, access and sprinkler services, and assisted our management team on many security related projects.

We are very confident with the expertise LifeSafety Management's technicians and management teams have consistently demonstrated over the years. The level of service and compassion we have received from their team has been far superior to that which we have experienced from their competitors.

As property managers we have to rely on vendors that will be there to carry out the management of critical life-safety systems 24 hours a day, 7 days a week, and those who take the time to interact with other vendors as to changes in life-safety codes and to educate our staff members. LifeSafety Management, Inc. is that type of service provider. Without hesitation, I strongly recommend LifeSafety Management to any organization who is seeking a highly qualified, professional and customer service oriented vendor.

If you require any further information, please feel free to contact me at 561-776-9300.

Very Truly Yours,
