RE: LifeSafety Customer Reference

To Whom It May Concern:

We have been a LifeSafety Management customer for close to 10 years and they provide monitoring, inspections and service on the critical life safety systems at our school. During our relationship they have provided at every level of their organization, the attention to detail and care that one would expect from a company in this field, delivering what they advertise, consistently and on time”

Sincerely,

Dawn M. Auerbach
