WORK FOR STILES PROPERTY MANAGEMENT**

Dear Mr. Chaplin,

Since April of 2011, Stiles and LifeSafety have worked together to maintain and monitor our fire and sprinkler systems at multiple properties. What separates LifeSafety from other companies is their unique blend of fire and sprinkler services. We found that having one partner manage every aspect from installation, fire system and sprinkler repair, monitoring, and code compliance, creates a relationship that saves time and money.

From the first point of contact through completion of work, LifeSafety is extremely responsive and willing to go the extra mile. Their employees are well trained and dedicated to providing a level of service that we appreciate here at Stiles.

We are very satisfied with LifeSafety and would recommend them to any property management company or owner looking for life safety services. They have always been there and we hope to continue this relationship for many years to come.

Please feel free to contact me at (954) 627-9142 or (954) 627-9190 if you have any questions or need additional information.

Sincerely,

Stiles Property Management
